Heather Wallace and a panel of callers

At Zajac Ranch for Children we want to ensure that all children and young adults facing chronic, life threatening and/or debilitating conditions have an opportunity to participate in a Zajac Ranch camp experience. In addition to the Zajac Camper Allowance, the Zajac Community Partners Subsidy Program is available for those who have a demonstrated, significant financial need.

To allow us to accommodate as many requests as necessary, we ask that families contribute as much as they are able to afford. This year, we provided over \$50,000 additional support through the Zajac Community Partners Subsidy Program.
